Declass Review by NGA.

TECHNICAL BACKGROUND PROCUREMENT INFORMATION

I. Contractor

A. Name and address:

25X1

B. Evaluation of previous performance: No previous performanceNOTE: Please hold negotiations until NPIC/P&DS technical monitorcan arrange to be in attendance.II. Brief description of this procurement: A study program to isolate sourcesreview research and selectively extract and provide data on vision and related
physiological and psychometric criteria which could contribute to development of
equipment and methods for P.I. Estimated total amt.

25X1

A. Deliverable items: Handbook, periodically updated; bibliographies; spotreports on pertinent findings (verbal or written).

B. Is this procurement for other than a standard, "off the shelf" or slightly modified commercial item? Yes If "yes", is it anticipated that any more of this unit will be procured? No If so, a complete set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments: _____

C. Will contract cover a period of more than 90 days? Yes
If "yes", are progress reports desired? Yes If so, indicate frequency, content and number of copies desired: Monthly reports will take the

form of constantly updated and additional pages for the handbook and biblio-graphics. (At least three copies)

D. Is any Government-owned property to be provided to the contractor?

No

If so, list and indicate its availability (where, when,

etc.) _____

SECRET

SECRET
(When Filled In)

E. Is any special tooling involved? No

F. Security:

1. Association with the Sponsor is Confidential

2. The specifications and/or drawings are NA

3. The item is Unclassified

4. Contractor personnel known to be aware of this proposed procurement:

5. Other security information The company will have occasion to report to us on classified research findings or papers and the material would have to be handled accordingly.

III. Reasons for selection of this source. If other sources were considered, indicate results. If no other sources were considered, list the reasons why this firm is considered to be uniquely qualified to perform this work.

25X1 The [] proposal is appealing because it will provide continuing surveys which will give us not only data and concepts for application but also a constantly updated idea of what basic areas of research in vision remain untouched and untapped.

25X1 [] has been selected as a sole source because of the unique qualification of the personnel who will oversee the project. [] has its own photo interpretation capability and many of its members are experienced photo interpreters, some of them having been associated with the Agency. The prime researcher's qualifications are based on her responsibility as editor of the photographic interpretation manual published for the American Society of Photogrammetry.

IV. If contract will cover deliverable item(s) state room location where equipment will be installed NA. (It is extremely important that the Engineering Data Sheet including room location and any other pertinent facts be submitted to NPIC Engineering Section as far as possible in advance of delivery.)

V. Technical contact

Name

Date

Telephone

25X1 In the event additional space is required, use the reverse side(s) of this form, with a reference to the item number to which the comment applies.
